Rules and Reminders

1. Points are scored off the serve only - no rally scoring. Players may not set the serve on serve receive. Players should let a bad serve toss drop. The official will signal a re-serve. Players are allowed one drop per service rotation.
2. Each match will consist of the best two out of three games to 15. A team should win by two points with a cap at 18. If the match is decided in the first two games and time permits, there will be a third timed game for extra practice/experience. This will be left up to the discretion of the official.
3. There will be no let serves, and the serve receive pass must be a clean pass (no double hits).
4. The serving line will be moved from the court endline by about 10 feet.
5. Generally there will be only an up-ref. Since there is no down ref or line judge, please be patient with the official. A re-serve will be called if the official absolutely can't see to determine the call.
6. Two time outs are allowed per game in each match.
7. There will be about 10 minutes of warm-up time before each match (coaches may decide together based on the skill level of players how much, if any, of that time you want to use for hitting warm-up).
8. Serve and side will be determined with a coin toss at the beginning of the match and at the beginning of the third game if necessary. Lineups (please indicate the captain and the first server) should be turned in to the official at the start of each game.
9. Mishandles will be called, but they will be called loosely.

HAVE FUN!
